

Job Title: Chapter Liaison, Education Department (part-time, unpaid)

About Us: The University Blood Initiative (UBI) is a new but highly accomplished registered non-profit which optimizes grassroots level action to combat local blood shortages. Our vision is to revolutionize the blood world and our mission is to establish a fiercely collaborative network of strong, local, and independent blood centers at the cutting edge of society, systems, science, and social and public policy with the shared purpose of achieving a sustainable blood supply for the good of all. To date, we are partnered with 20+ independent blood centers across 15 states. Through our nationwide chapter system, we are building an organized network of dedicated young leaders ready to take initiative against COVID-19 and the blood crisis all year long.

Position Summary: The University Blood Initiative (UBI) is seeking a passionate and educated individual to join us as an Education Liaison for the Education and Advocacy Department. This position will work with our Curriculum Developer to teach our chapter Education Chairs about prevalent issues in the blood field and support them in carrying out their educational campaigns. You will also act as a primary point of contact and medium of communication between the Education Department and our chapters Across America.

Benefits:

- Join on the ground floor of an already fast-growing start-up
- Help build out an educational department for an organization that is rapidly gaining national reach and plans to expand internationally
- Immersive community culture which values connection, innovation, integrity, and purpose
- Opportunity for professional growth and internal upward mobility as you engage with Chapter members and understand the driving mission behind our department projects
- Opportunity for internal mobility within National UBI structure as you accrue experience and professional development within National structure
- Work remotely

In this role you will:

- Create strong relationships between the Education Department and our chapters by:
 - Meeting with chapter Education Chairs to discuss, troubleshoot, and support local educational efforts
 - Providing chapters with educational resources to further these efforts
 - Following a curriculum to educate chapters about current and past issues prevalent in the blood field and encouraging them to take action against these concerns
 - Fomenting an open space for Education Chairs to brainstorm inter-chapter and intra-chapter educational campaigns
- Meet with other Education Liaisons and our Curriculum Developer to learn about the chapter lessons being implemented bimonthly

Requirements:

- Organized and accountable individual with excellent interpersonal communication skills
- Have experience and capability teaching a curriculum and facilitating discussions
- Ability to commit at least 5hrs a week without compensation until the UBI is sufficiently funded to be able to provide compensation

You'll fit in if you are:

- Committed to excellence, are passionate and empathetic, pay precise attention to detail, and believe in our fight for equity
- Believe in civility in the workplace, have a strong sense of purpose, and are willing to make a difference to your community
